

TRUCK ROUTE TO SUKUP MANUFACTURING CO.

EFFECTIVE IMMEDIATELY, all trucks coming and going from Sukup Manufacturing Co must come to Sheffield via Highway 65. Sukup Manufacturing is located at the intersection of Highway 65 and 255th Street. If you are coming from I-35, please use the following routes:

Coming from the North: Take Exit 190 (Highway 18 / 27 / Avenue of the Saints) and travel east to Highway 65. Turn South (right) on Highway 65 to travel to Sheffield.

Coming from the South: Take Exit 170 (C25 / 190th Street) and travel east to Highway 65. Turn North (left) on Highway 65 to travel to Sheffield.

DO NOT USE EXIT 176 (C13 / 250TH STREET) as this exit will lead you through downtown Sheffield. The City of Sheffield and Sukup Manufacturing Co. request that trucks travel to Sheffield via Highway 65 as entering from C13 / 250th Street causes excessive wear and tear on city streets. **C13/E Gilman Street will be closed for repairs in downtown Sheffield beginning August 15, 2014.**

Thank you for your cooperation.

Sukup Manufacturing Co., 1555 255th Street, Sheffield, IA 50475-0677
